CREOSOTE REMOVERS

CREOSOTE REMOVER STICK

Makes chimney cleaning easier and helps prevent dangerous chimney fires! This remarkable formula turns creosote into a brushable ash in wood stoves, fireplace inserts, and free-burning fireplaces. Safe to use with all types of chimneys. Just toss entire tube onto a bed of hot coals. Tube burns safely to ash. Use 1 or more tubes per week as needed. Will not damage catalytic converters.

97S 3 oz Toss-In Stick (36 per case)

USE: Fireplace, Wood Stove

PELLET STOVE CREOSOTE REMOVER
We've combined our trusted pellets to create an innovative This concentrated formula re burn season.

- 98P 8 oz Box (12 per case)**
- 98P03 3 lb Bag (5 per case)**
- 98P04 4 lb Bag (3 per case)**
- 98P05 5 lb Bag (4 per case)**
- 98P08 8 lb Bag (3 per case)**

USE: Pellet Stove, Fireplace,

CREOSOTE REMOVER CANISTERS (3-PACK)

Contains 3 canisters to prevent creosote build-up in chimneys. Safe to use in all chimneys and wood-burning appliances. Simply toss one canister onto a bed of hot coals to turn sticky, tar-like creosote into brushable ash and prevent further build-up from occurring. Canisters burn safely to ash. Use 1 or more canisters per week as needed. Will not damage catalytic converters.

97G Three 3 oz Canisters (12 per case)

USE: Fireplace, Wood Stove

CREOSOTE REMOVER

Keeps creosote build-up at bay! Add 1-2 scoops to a fire once per week or more often as needed. Safe for use in all chimneys and wood-burning appliances. Will not damage catalytic converters.

- 97 1 lb Tub (12 per case)**
- 98 2 lb Tub (6 per case)**

USE: Fireplace, Wood Stove

SOOT REMOVERS

KWIK-SHOT® SOOT STOPPER STICK

Reduces soot build-up in fireplaces, wood or coal stoves, furnaces, and boilers. Just toss entire stick onto a bed of hot coals. Stick burns safely to ash. Stir and leave ashes for maximum effect. Use 1 or more sticks per week as needed.

100S 3 oz Toss-In Stick (36 per case)

USE: Fireplace, Wood Stove

KWIK-SHOT® SOOT STOPPER CANISTERS (3-PACK)

Contains 3 canisters to control soot build-up in fireplaces, wood or coal stoves, furnaces, and boilers. Simply toss one canister onto a bed of hot coals to clean existing soot and prevent further deposits from forming. Canisters burn safely to ash. Use 1 or more canisters per week as needed.

100G Three 3 oz Canisters (12 per case)

USE: Fireplace, Wood Stove

SOOT SWEEP® SOOT DESTROYER®

Controls soot build-up in fireplaces, wood or coal stoves, furnaces, and boilers. Add 1-2 scoops to a fire once per week or more often as needed.

100 1 lb Tub (12 per case)

100B 2 lb Tub (6 per case)

USE: Fireplace, Wood Stove

LOG BRIGHT® GAS LOG SOOT REMOVER

Spray on gas fireplace logs to safely remove and control future soot buildup, giving them a “like new” appearance. Easy to use, this spray-on cleaner

ACCESSORIES

BURN INDICATOR

Monitors the performance of a fireplace or wood stove for creosote build-up at a glance. Stick burns safely to ash. Stir and leave ashes for maximum effect. Use 1 or more sticks per week as needed.

701-6 1 Magnetic Burn

USE: Wood Stove, Coal Stove

STACK-N-STORE™ ST

Set of four heavy-duty, powder-coated steel storage racks, shelves, and a storage box to keep firewood off the ground. It keeps it away from pests and decay. It's a great storage solution for your firewood. Just screw it into the wall. 2" x 4" lumber and the possibilities are endless.

30360R 4 Brackets

FIREPLACE GLOVES

Made from genuine cowhide leather, these gloves are a must-have for anyone who works with wood stoves, grills, and fire. They are flame resistant. To prevent injury, wear these gloves when handling smoldering embers. One size fits most.

702 1 Pair of Gloves

MAINTENANCE

CLEANERS

MULTI-SURFACE PRO CLEAN

This versatile cleaner conditions, cleans, and protects a variety of surfaces. The ammonia-free formula is perfect for use on glass, thermal glass, stainless steel, chrome, aluminum, porcelain, tile, ceramic range top, oven doors, sealed stone, kerosene heater glass, and fiberglass shower doors. Clean citrus scent. NOT for use on cars, windows, plastic (ex. microwave oven doors), plexiglass, stainless look or chrome look finishes.

8 fl oz Bottle (12 per case)

STOVE, GRILL & HEARTH
Non-scratching formula contains creosote, carbon, and other and coal-, oil-, and wood-burners behind a protective silicone

84 8 fl oz Bottle (12 per case)

WHITE-OFF® GLASS
Specially formulated for the doors. Non-abrasive and easy to use cause micropitting. Ammonia-free

565 8 fl oz Bottle (12 per case)

FIREPLACE & WOOD
Formulated to remove smoke, soot, and creosote from fireplaces and wood stoves. Just spray on and wipe off. Ammonia-free

82 32 fl oz Spray Bottle (12 per case)

BRICK & STONE CLEANER
Removes stubborn creosote and soot from brick and stone surfaces. Ammonia-free

CEMENTS & MORTARS

CEMENTS

E-Z SPREAD FIBERGLASS
Designed to be the easiest to apply and cast iron. Very easy to spread and contract during continued use and rating. New and improved, no longer

- 77E 2.3 fl oz Tube (77E)
- 78E 10.3 fl oz Cartridge (78E)

USE: Fireplace, Wood Stove

STOVE & GASKET CEMENT
This cement pulls double duty as a fiberglass gasket to most any stove, pinholes, and leaks in a cast iron stove. A larger caulk gun-ready size for efficient operation. Apply in a cast iron stove and improved, no longer

- 77 2.3 fl oz Tube (77)
- 78 10.3 fl oz Cartridge (78)

USE: Fireplace, Wood Stove

REFRACTORY CEMENT
An ideal high-heat cement for fireplaces and fiber reinforced, this cement is used in fireplaces, fireplaces, and fireplaces. Its thick, smooth consistency meets ASTM E1361.

CEMENTS & MORTARS

CEMENTS

CASTABLE REFRACTORY CEMENT

An exceptionally strong dry-mix cement that chemically sets and dries as hard as brick. Just add water! Perfect for casting into custom designs because it holds its shape while drying. Can even be used as the sole material when casting a solid stove bed or outdoor oven. 2200°F temperature rating. Does not require heat cure! Cast up to 9" depth. Color may vary.

- 600 12.5 lb Pail (2 per case)**
- 601 25 lb Pail (1 per case)**

USE: Fireplace, Wood Stove, Pellet Stove, Outdoor, Indoor

MORTARS

FIREPLACE MORTAR

Perfect for repairing small cracks in firebricks, and bonding firebricks to stone. Use for cracks 1/8" or less. Allow 24 hours to dry between applications. Sets as hard and as strong as the temperatures produced by a wood stove.

- 63 Black 10.3 fl oz**
- 63B Buff 10.3 fl oz**
- 63G Gray 10.3 fl oz**

USE: Fireplace, Wood Stove

FURNACE CEMENT

Premixed and ready to use, this is one of the easiest cements to apply. Use this smooth consistency cement to bond and seal metal to metal or metal to masonry joints less than 1/8". Repair a crack, seal the collar to the top of a wood stove, or seal between firebricks and prefabricated fireplace. Use anywhere a quality high-temperature adhesive is required for furnaces, firebrick repair, filling gaps, sealing joints, or gluing ceramic logs. Adheres to metal, stone, and firebricks, creating a permanent smoke- and gas-tight seal. 2000°F temperature rating. Heat cure required.

- 64A 8 fl oz Tub (12 per case)**
- 64C 10.3 fl oz Cartridge (12 per case)**
- 64 16 fl oz Tub (12 per case)**
- 65 32 fl oz Tub (6 per case)**

USE: Fireplace, Wood Stove, Indoor

DRY MIX 211®

A refractory mortar ideal for bonding wood fireplaces and wood, cast iron, and trowel on to seal and joint (thin over-coat) when building a fireplace. Meets NFPA 211 Standard for temperature rating. Does not require heat cure. Layers, do not exceed 1" per application.

- 211 10 lb Pail (4 per case)**

USE: Fireplace, Wood Stove

MORTARS

STOVO® STOVE MORTAR

POLISHES

SEALANTS

STOVE POLISH *not for sale in California*

Transforms old, dull, cast iron stoves into like-new appearance! Combines three different waxes with some of the blackest pigments to renew and protect cast iron. Non-toxic and non-flammable, this polish can be buffed to a deep lustrous glow, leaving cast iron looking better than new. Prevents deterioration to the exteriors of stoves, grills, ornamental ironwork, and heating accessories even during extended storage. Not for use on painted, powder-coated, stainless, raw, or sandblasted steel. Black.

70 2.3 fl oz Tube (12 per case)

USE: Outdoor, Indoor

LIQUID STOVE & GRILL POLISH *not for sale in California*

Protects cast iron and steel heating and cooking appliances from getting dull and rusty. Apply polish and buff to a high luster to restore that like-new appearance. Safe to use – non-flammable and non-toxic. One bottle should lightly polish an average sized, free-standing wood stove or a large grill. Not for use on painted, powder-coated, sand-blasted, stainless, or raw steel surfaces. Black.

72 8 fl oz Bottle (12 per case)

USE: Outdoor, Indoor

WILLIAM'S® STOVE POLISH *not for sale in California*

Brings a low-luster, dark gray finish to any unpainted cast iron appliances. Easy to apply. Buff after drying. Can also be used on wood and coal stoves, barbecues, hibachis, iron pots, iron kettles, and grills. Not for use on painted, powder-coated, sand-blasted, stainless, or raw steel surfaces. Dark Gray.

WI-00710 2.3 fl oz Tube (12 per case)

RODS & ADAPTERS

FIBERGLASS CHIMNEY BRUSH EXTENSION RODS

Designed with the DIY homeowner in mind. Rods are available individually in lengths of 4' and 6' and use 1/4" NPT threading to connect to a chimney brush. Attach to a RUTLAND® Chimney Sweep® Wire or Poly Brush to clean a chimney from the top down or up through the open fireplace. The fiberglass is flexible enough to handle slight offsets, but not enough to bend around sharp corners. Cleaning in an up-and-down motion with these rods will provide the power necessary for a satisfactory result.

10624	4'	Individual Rod	Bends <90° (24 per case)
10672	6'	Individual Rod	Bends 90° (24 per case)
KRK-18	18'	Kit (Six 3' Rods)	Bends 45° (5 per case)

FLEXIBLE POLY PELLET STOVE RODS

Poly rods designed to easily maneuver through 30° and 45° offsets, 0.250" diameter and 1/4-20 thread. Use with RUTLAND® Chimney Sweep® Pellet Stove Brushes.

25P-5	5'	Individual Rod	Bends 360° (10 per case)
PSR-20	20'	Kit (Eight 2.5' Rods)	Bends 360° (5 per case)

PULL RING - HOMEOWNER

Designed for the DIY homeowner to attach to RUTLAND® Extension Rods to provide an attachment point for ropes to pull RUTLAND® Chimney Sweep® Cleaning Brushes through a chimney during cleaning. Available with 1/4" NPT threading.

16202	1/4" NPT	(12 per case)
W38PTL	3/8" NPT	(12 per case)
